WILSON CLAIMS TO BE MAKING GAINS—CLARK MANAGERS SAY FORCES HOLD FIRM.

Baltimore, Md., June 26.—With nominations due to be made tomorrow, the situation in the democratic national convention with respect to a presidential candidate was as complex and uncertain tonight as at any time since the delegates began to pour into Baltimore.

There was much talk of a subsidence of the Champ Clark wave, which reached its crest last night, but the speaker's campaign managers were not willing to admit there had been any wavering in their forces.

At the same time they went to the hall tonight with the expected purpose of forcing the issue at the earliest opportunity. The opposition force hearing of this plan, prepared to block it. They did not wish the nominations to be made until tomorrow, hoping the situation might clear a little by that time.

Adherents of Woodrow Wilson claimed tonight that their candidate had made distinct gains during the day. They asserted, without giving details, that some of the Clark sentiment was turning toward the New Jersey governor, and were in a more hopeful mood than at any time during the convention period.

"Dark horses" were being discussed everywhere by leaders and delegates tonight, but there appeared to be some difficulty in crystallizing sentiment as to which one of the dark horses was darkest.

Senator John W. Kern of Indiana, Mr. Bryan's choice for temporary chairman of the convention, and chairman of the committee drawing the party platform, still appeared to hold the lead among the dark horses.

The coalition of the Bryan and Wilson forces in the first fight of the convention, however, led to talk of the Bryan strength ultimately going to Wilson.

The purest and the best "Crystal Ice Cream" served at Ramsey's.

THREE BRICK BUILDINGS

The building boom which begun over a year ago, still continues and there is not likely to be any cessation in the activity along this line any time in the near future.

This morning work began on the McKeown-Daggs buildings on 12th street. Like all others of that block, they will each be 25x100 in dimensions and two stories in height. These buildings will fill the gap in the block, making it a solid row of 400 feet of two story buildings.

CREDENTIALS COMMITTEE PASSES ON CONTESTS

Baltimore, Md., June 26.—Completing its work soon after the National convention reassembled tonight, the credentials committee agreed to endorse the findings of the Democratic National committee in all contested cases except those from South Dakota and the District of Columbia. In both these cases the Clark forces succeeded in seating their uninstructed delegates.

Two minority reports were decided upon in the Illinois contest, where the Roger C. Sullivan delegates were seated, 4 to 10. Harry T. Creswell, the California member, reserved the right to present a minority report in favor of the Harrison-Hearst faction.

In the South Dakota contest P. H. Martin of Wisconsin asked all those voting for the losing Wilson delegates to join him in a report that would carry the fight to the floor of the convention. The vote was 28 to 23.

In the three-cornered District of Columbia contest the uninstructed delegates, headed by National Committeeman Newman, which had been recognized by the national committee, were unseated and the "Costello delegation," instructed for Clark, was endorsed. A vote on the three delegations resulted as follows:

For Costello delegation 22, for Newman delegation 12, for Darr delegation 3.

HE REMEMBERED THE POOR OF ADA

Noticing in the News an appeal from the United Charities for funds with which to carry on its work, B. H. Mason of Fort Worth, a former citizen of Ada, sent an order to a bank which carried a small balance for him to turn it over to the organization. This balance proved to be \$26.89 and came at a time when most needed by the United Charities. It was certainly very generous of Mr. Mason to thus extend aid to the work to relieving distress in meritorious cases.

This evening the Lyric Airdome offers a program of 3,000 feet of high class pictures, and a fine vaudeville program by Sather and Sweeney. A sure cure for the blues.

EVERYONE IS POLITE

Democratic Delegates Trying to Outdo Alphonse and Gaston.

Baltimore, June 26.—There is a crowding and a jamming and a riot in the hotel corridor. Two delegates in the swirling mass of humanity are hurled each into each other's arms. They lose their spectacles, they step on each other's feet, they soil each other's collar and jerk buttons from each other's coat.

But do they fight as ordinary mortals might?

Delegate Number 1 (mussed up as above described)—"I certainly beg your pardon. Crowds here are fierce aren't they?"

Delegate Number 2 (torn as above indicated)—"Oh, don't mention it. I was just about to apologize myself. Hadn't regained my breath after you

had knocked it out of me, you know. Who are you for anyway?"

Delegate Number 1 (still mussed but recovering)—"I'm a Wilson man but I know by your colors that you are a Clark man. You certainly have a great candidate. He's a splendid fellow."

Delegate Number 2 (the Clark man)—"Yes, Clark has a mighty fine record but certainly we must acknowledge that Wilson is a great potential force in American politics."

And it goes like this all day long in Baltimore. A remarkable spirit of tolerance and politeness that obtains, apparently among everybody has turned what might have been unbearable conditions into something better. Even the bell hops in Baltimore are polite.

KEEP BEAUTIFUL

Ill Health, the Great Destroyer of Beauty—A Talk to Women.

To keep beautiful, keep well. Don't neglect any symptom of ill health. Hot weather brings extra fatigue, throwing extra work on the blood and kidneys—on all organs. One of the weaker ones begins to falter. It needs attention, that it may be healed and that its influence may not lead to other organs.

A loss of appetite, sleeplessness, becoming too easily tired, nervousness, dizziness, a blotchy or sallow complexion, indigestion, losing weight—you know the symptoms. The trouble is, you are too liable to neglect when it appears. Get at it at once. Health and beauty are worth preserving. Neglect may ruin both. Lose health and beauty goes with it. Cosmetics will not bring it back. The only way to get beauty and keep it is to get and keep health.

Every woman should know about Rexall Celery and Iron Tonic. It contains celery, famous as a nerve food, and iron, needed by the blood. In addition there are other ingredients that act on the stomach, bowels, liver and kidneys.

Rexall Celery and Iron Tonic is intended to aid in bringing all the organs of the body into healthy, active, harmonious action, toning up, refreshing and invigorating the entire system, giving energy to the spirits and new life to the muscles.

Rexall Celery and Iron Tonic is good for you, whether you are strong "merely ailing," or weak. Its tonic and strength-building properties have been proven time and time again. If we did not know it to be valuable, we would not risk our reputation by recommending and guaranteeing it to you. We are right here at home, and if Rexall Celery and Iron Tonic does not help you, you can come to us and get your money back. There is no risk for you to take. A big bottle, enough for a full month's treatment, costs only a dollar. Sold in this community only at our store, The Rexall Store, Gwin & Mays Drug Co., 121 W. Main St.

TAFT CANDIDATES FOR ELECTORS WILL FILE

Oklahoma City, Ok., June 26.—Republicans of the Taft wing will take no chances on not being represented on the general election ticket and will file as republican candidates for presidential elector.

T. C. Beeler, republican attache of the state board of affairs, and Bert Chandler of Vinita, former republican member of the board, both Taft supporters, will tender their applications to the State Election board. Beeler says a full list will be filed.

It has been the rule for chairmen of the parties to file with the board a list of electors, named by the state conventions, but there being a division on the republican side this year and a duplication of candidates for the same office, the board has not announced what course would be followed.

As a matter of form, Secretary Reiley some weeks ago requested electoral candidates to file their applications independently of the party's filings, and many have done so.

A large number of republicans known to be of the progressive wing have filed for some of the offices. However, they did so as "republicans" Bert Parmenter of Lawton, chairman of the Guthrie convention, elected by the Roosevelt people, will file for the United States Senate, but as a republican, without reference to the new movement.

"Dynamite" Ed Perry, who started the Roosevelt-for-President boom at the Fourth District Convention in Coalgate last February and was later made state chairman, is no longer in charge of the movement for Oklahoma. At a meeting of the Colonel's Oklahoma supporters in Chicago, when plans for carrying on the fight here were laid, Perry was deposed and Ex-Gov. Frank Frantz, now of Bartlesville, and a former Rough Rider and Roosevelt Lieutenant, was placed in charge.

Details of the Oklahoma campaign-to-be have not been made public. Chairman Frantz today announced the opening of progressive headquarters in Bartlesville and that he would call a state convention to be held in Augusta, the date being determined by the action of the national meeting. Frantz is now a federal receiver for a number of oil companies. Col. Roosevelt, while president, appointed him to succeed Gov. Jenkins as governor of Oklahoma Territory, and Frantz was nominated for governor in the first state election by republicans. It was liberally understood throughout party circles that Roosevelt wanted this done. He was defeated by C. N. Haskell.

Veteran Educator Retires.

Ann Arbor, Mich., June 27.—With the end of the college year today, Professor Martin L. D'Ooge, head of the Greek department of the University of Michigan, retired from the faculty of the institution with which he has been connected for forty-five years. Professor D'Ooge was the oldest member of the Michigan faculty in point of service and one of the oldest educators in the United States. He has been retired on a Carnegie pension.

The man who is always in grave danger of being stung is the one who puts up hard cash for some public enterprise on the assurance that the others will come across and help him out of the hole. They very seldom come.

The Haskell-Owen fight for the senatorship has already reached the "you're a liar" "you're another" stage. However, Haskell no longer runs Mrs. Owen's picture in his campaign literature. He could not make that pay in a southern state.

Oklahoma editors are a pretty decent set of fellows. Only one of the craft is in the penitentiary, as against two lawyers, three doctors, five preachers, eight real estate men, twenty cattlemen and about a hundred farmers.—Rocky Record.

The situation at Baltimore is reaching an acute stage, and the real battle over the nominations will begin this evening or tomorrow. After a number of delegates have had the opportunity of blowing off a little oratory that has been kept under a 250 pressure for months, the balloting will begin and the end will not be far off. Bryan is still a most important factor, but it remains to be seen whether or not he can hold the convention to the time-honored two-thirds rule, or whether it will break away, abolish the rule and let a bare

majority nominate. In the latter case Clark is assured of victory, but if the old rule holds, the battle will probably be a long one.

RATHER MIXED.

It is reported that a second set of republican candidates for electors is being filed by the Taft leaders of Oklahoma. A set had already been nominated and filed by the republican convention, but as it happened eight out of the ten are Roosevelt men and since the split the Taft men have been in a quandary. The state election board declines to recognize the progressives as a party, and now the republican electoral ticket to be voted on at the primary will contain twenty names. As these will be in alphabetical order, the two factions will be scattered throughout the list, and it will require a vigorous campaign of education to post the republican voters which ten to vote for. The chances are that some of each crowd will be placed on the ticket for the November election and that the scratching will be continued there. It is too bad that both factions were not recognized and a ticket given to each. That would have made the democratic victory all the more certain and larger than ever. However, the chances of the democratic nominee are still very much above par and Oklahoma will again be found lined up under the banners of a triumphant democracy.

"THIS IS MY 40TH BIRTHDAY."

Heber D. Curtis.

Heber D. Curtis, an astronomer of wide reputation, was born in Muskegon, Mich., June 27, 1872. At the age of twenty he graduated from the University of Michigan and two years later he joined the faculty of Napa College. From 1897 to 1900 he was professor of mathematics and astronomy at the University of the Pacific. In 1901 he accompanied the United States Naval Observatory expedition to Sumatra to observe the eclipse in that year and upon his return he was given charge of the observatory of the University of Virginia. In 1904 he became an assistant at Lick Observatory and since 1909 he has been in charge of that famous observatory. Dr. Curtis headed the eclipse expedition to Labrador in 1905 and the next year he was in charge of the D. Ogden Mills expedition to the Southern Hemisphere.

Raise Monument to Hampden.

London, June 27.—A monument to John Hampden, who led the parliamentary forces against Charles I., was dedicated today in the Vale of Aylesbury, Buckinghamshire, of which county he was a native. This is the second imposing memorial set up in honor of Hampden's memory. Some fifty years ago a column was erected on the field of Chalgrove, in Oxfordshire, where Hampden was mortally wounded in a skirmish with Prince Rupert's cavalry.

EVERYBODY WILL CLOSE TOMORROW

Frank Maddox and C. S. Wood circulated a paper today to secure signatures of the business houses of Ada to close tomorrow at 4 o'clock to give everybody a chance to see the big ball game between the drummers and Elks. They reported that every house in town signed the agreement, thus assuring a big attendance. This is the proper spirit. People need a little recreation occasionally and in this case the proceeds of the game will go to a worthy cause, paying Ada's part of the fund necessary to defeat the Akin bill, which would have been most disastrous to Ada.

promptly, and without making a lot of dirt about it. SOMEWHAT HEAVY are the tons of coal we send to our customers. Never a pound below the weight. And it is free from dirt and stones—every piece burns and gives heat. Can't find any better coal at any price.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

MAY BUILD DISTRICT PARSONAGE AT ADA

The question of erecting a district parsonage at Ada is under discussion in the district conference, and at its last meeting the conference appointed a committee to take the matter up. Today this committee is in Ada canvassing the situation and will soon have a report to submit. The following named gentlemen compose the committee and are here: Dr. N. L. Linebaugh, T. F. OIL STRUCK IN WELL NEAR ROFF

The Roff Oil and Gas Company have struck oil on the Frank Robinson place three miles west of Roff at a depth of 630 feet. With the oil from this sand in the hole it made it difficult for the company to keep tab on the lower formations and they have cased it off with 8 inch casing and intend later to withdraw the casing and shoot the 630 feet sand. We have this information direct from A. T. Gurd, manager for the Crosbie people, so it can be counted authentic.

This is the second showing of oil found in this well, the first being reached at a depth of between 250 and 300 feet and being in itself a sand that will probably pay to shoot. —Roff Eagle.

Resolutions

Whereas, the Angel of Death has visited our Grove and taken from us a beloved Sovereign, and

Whereas, we do remember the loving service, the friendly counsel and cheering smile of our Sovereign who has passed beyond, and

Whereas, we do mourn deeply the loss from our fraternal circle of these our Sovereign's many virtues, while we believe that our Father who has seen fit to bereave us doeth all things well.

Resolved, that we, the members of Angelo Grove No. 42, do hereby tender to the family of our deceased Sovereign, our sincere sympathy in this our common loss, and

Resolved, that in token of our sorrow and sympathy, our charter be draped in mourning for a period of thirty days and

Resolved that these resolutions be spread upon the records of our Grove and copy sent to bereaved family.

Contagious Blood Poison, as the name implies, is an infectious blood taint which may be communicated from one person to another. Its virus is of a most insidious nature, multiplying from an insignificant germ in the blood until it becomes a thorough systemic poison. So powerful and dangerous is this terrible blood plague that no time should be lost in trying to drive it from the system. It should not be temporized with, but should be killed as one would a deadly serpent on the pathway. The first manifestation of Contagious Blood Poison is usually a tiny sore or pimple, but it rapidly spreads, and in a short time the entire body shows its presence in the blood. The mouth and throat ulcerate, glands in the groin swell, the hair begins to come out, copper-colored spots appear on the body, and frequently running sores and ulcers break out on the flesh.

A condition of such serious nature requires proper treatment. Not only must the disease be driven out, but the system which has been weakened by the powerful poison must be built up, before health can be restored. The question of most importance therefore is—what medicine has proven by actual results its superiority as a blood purifier? We claim this distinction for S. S. S. because of its successful record for more than forty years.

S. S. S. cures Contagious Blood Poison by purifying the blood. It goes into the circulation and removes the last trace of the infectious virus, acts with fine tonic effect on the stomach, bowels, kidneys, and other portions of the system, and thus makes a perfect as well as a permanent cure. S. S. S. is made entirely of roots, herbs and barks, each of which has a specific action on the system. Not a particle of mineral or other harmful substance enters into its composition. S. S. S. is perfectly safe for any one, and instead of upsetting the stomach, as mineral medicines often do, it tones up this important member, and makes digestion easy. Thousands have cured themselves of Contagious Blood Poison by the use of S. S. S., and if you will write and request it we will send you, without charge, our Home Treatment Book which will give you all necessary information for crushing out the life of this serpent-like poison and curing yourself at home. We will also give you free any medical advice you may wish. S. S. S. is sold at drug stores.

Reunion on Old Battlefield.

Richmond, Va., June 27.—A reunion of survivors of the battle of Gaines Mills was held on the battlefield today in celebration of the fiftieth anniversary of the historic conflict. It was a reunion of the blue and the gray, the blue being represented by the veteran

association of the Fifth New York Volunteer Infantry (Duryea Zouaves), and the gray by members of the Robert E. Lee Camp, United Confederate Veterans, of this city.

Two or Four Kinds of Women.

Someone—probably one of those Frenchmen whose life job it was to make epigrams—once said that there are but two kinds of women: good women and bad women. Ever since then problem playwrights have been putting that fiction into the mouths of wronged husbands and building their "big scene" around it. But don't you believe it. There are four kinds: good women, bad women, good bad women and bad good women. And the worst of these is the last.—American Magazine.

Gas From Peat.

The production of gas from peat having a low water content (up to about 20 per cent.) for use in suction gas (sauggas) engines has already met with success in Germany, but for a number of years efforts have been made to utilize peat with a water content as high as 50 to 60 per cent. and thus eliminate the costly process of drying the raw material.

DETAILED ACCOUNT OF TRACK MEET

The track and field meet held at the normal Tuesday afternoon was a highly interesting affair and successful from every standpoint. Considering that the participants had not trained for the contest, the records made were very good. There were more than thirty men competing from the counties of Johnston, Pontotoc, Coal and Pottawatomie. Johnston county took the lead through Van Noys' winning the first three events (100-yard dash, pole vault, 220 yard dash) and were never headed. Watson also did good work for Johnston, winning first in the 440 and second in the 100 yard dash. Darter and Hodges also won points swelling the total for this county to 35.

Through the efforts of McCain and Buttram, Pontotoc county piled up 24 points. They were secured by McCain taking first in the high jump and shot put, second place in the pole vault and third in the 100 yard. Buttram placed in the high jump 440 and half mile.

Snow and Ellis won 14 points for Coal. Snow took first in the broad jump and half mile. Warren for Pottawatomie got second in the shot put. McCain, a local boy, won the distinction of being all around man by winning seventeen points for his team. Van Noy of Tishomingo was next with fifteen points to his credit.

A girls' basket ball game between the normal and Coalgate. High school finished the afternoon's sport. It was pretty hot for this game, but the score of 8-7 in favor of the normal shows what a close and interesting game was played.

WILSON DELEGATES ARE SEATED

CONVENTION OVERRULES ACTION OF CREDENTIALS COMMITTEE IN SOUTH DAKOTA CASES.

Baltimore, June 27, (3:30 p. m.)—The convention convened at noon with a crowded house. The interest centered on the minority report of the credentials committee unseating the Wilson delegates from South Dakota and replacing them with the Clark contestants. The national committee had seated the Wilson men, but the credentials committee overruled this decision and declared the Clark men entitled to the places. However, the Wilson men carried the fight to the floor of the convention and won out by a vote of 639 to 415.

Developments of today indicate that Wilson has gained some strength, but his nomination is by no means assured. It was reported today that Harmon's followers had asked him to withdraw, but this was quickly denied at Harmon headquarters.

The session this afternoon was characterized by great demonstrations for both Clark and Wilson.

The sub-committee, on resolutions is busy on the platform and Bryan is the dominant figure in the committee.

It had been thought that the nominations might be reached today, but the press of other matters makes it certain that this stage of the proceedings will not be reached until late tonight or more likely tomorrow.

Ollie James took his place as permanent chairman late in the session today.

The Philippine delegation was excluded by a viva voce vote.

BURRELL OATES DEATH SENTENCE AFFIRMED

Austin, Tex., June 26.—The court of Criminal Appeals today affirmed the case of Burrell Oates, negro, convicted of murder in connection with the killing of Sol Aronoff, a merchant in Dallas, on the night of Nov. 29, 1904. The case came up on this appeal from Ellis county, where a jury had assessed the death penalty against Oates.

The case is one of the most notable in Texas criminal procedure because of the time required to secure what the higher court regarded as a "fair" trial. Holly Vann, a white man, convicted in connection with the case, was hung in Dallas May 2, 1905. Oates has been tried seven times and six juries have assessed the death penalty against him. Four times the case was reversed and remanded.

Oates may yet get a longer lease of life if a motion for rehearing is filed. Twice before the court has affirmed the case and then reversed it on motion for rehearing. Court adjourned today for the long summer recess and it will be fall, therefore, this cause finally is disposed of by the appellate court.

The appeal which was affirmed today has been before the court since last March, which in its decision, from which there is no dissent, says: "The court at last has given the defendant a fair and legal trial and we must, therefore, conclude by saying under the record there is no such error as would justify a reversal of judgment, and it must be affirmed." The opinion was written by Presiding Judge W. L. Davidson.

CONVENTION HAS ABOLISHED UNIT RULE

Baltimore, Md., June 26.—The Progressives in the Democratic National convention claimed a notable victory tonight, when they carried a motion abrogating the rule by which some state delegations were bound to cast their votes as a unit.

The fight for and against the unit rule was waged particularly about Ohio, where eighteen district delegates had been instructed by primaries to vote for Woodrow Wilson, but where the state convention, controlled by the Harmon forces, had invoked the unit rule binding all Ohio delegates to the Ohio Governor.

The convention, by 565 1-2 to 491 1-3, voted that no state delegation should be bound by unit control except in such cases where a state law was mandatory on the subject. Wilson gained and Harmon lost

You will find it will prove to be the best investment you ever made. Special Agents, Gwin & Mays Drug Co.

eighteen votes of the Ohio delegation as a result of the fight. It was said the abrogation of the rule might lead to breaks in other delegations, and this left the Presidential nomination race tonight in greater doubt than ever.

New York's solid block of ninety votes was cast in favor of continuing the unit rule, amid hisses and groans. Missouri, the home state of Champ Clark, split 29 to 7 in favor of the unit rule, and this result also was received with groans.
